WHEN POWER MEANS BUSINESS

When you choose Makita Outdoor Power Equipment, you choose to be part of something bigger. Our complete line up of cordless outdoor solutions will revolutionise the way you work - empowering you with over a century of knowledge and expertise in crafting the world's most reliable tools. With the support of the world's largest 18V cordless system, you can be sure our Power Garden range will get the job done and more - no petrol or cord needed.

Product Statement

DDG460 is powered by Makita's 18Vx2 technology and features a powerful brushless motor, which provides 1.35kW of power allowing you to get through the toughest drilling jobs all day long.

Featuring 2 speeds, the DDG460 provides the versatility to drill into a variety of materials, with a maximum drilling capability of 200mm in soft material (sand and soil) and 150mm in heavy material (stone mixed soil). The auger handle allows the user to have maximum control whilst drilling and the reverse switch makes removal of the auger quick and easy.

Overall with 2 batteries, the DDG460 weighs 8.1kg and thanks to the Extreme Protection Technology, can be used throughout the day in the majority of conditions.

Product Overview

2 Stage Speed Control

Product Specification Sheet

- **2 Stage Speed Control** – allows the user to optimise the performance based on the conditions they are working in
- **Bit Adapter** – enables use with auger bits that are common with popular petrol earth augers
- **13mm Industrial Chuck** – ideal for use in heavy duty applications where maximum durability is required
- **Reverse Mode** – allows for easy extraction if the auger becomes jammed in soil
- **18Vx2 Brushless Motor** – powered by two 18V Li-ion batteries providing up to 1.35kW of output to power through the toughest tasks
- **Earth Auger Handle** – includes side bar which rests against the users leg to minimise the amount of kickback, making it easier to drill holes
- **XPT** – eXtreme Protection Technology that protects against dust & moisture even in the harshest conditions

Drilling Capacity	Sand (Light Load)	200mm
	Stone – Mixed Soil (Heavy Load)	150mm
No Load Speed	High	0 – 1,400rpm
	Low	0 – 350rpm
Max Power Output		1.35kW
Reverse Switch		Yes
LED Light		Twin LED (Pre/After Glow)
Overall Length		840mm
Skin Weight		6.9kg
Weight (with battery)		8.1kg
Voltage		36V (18Vx2)

Efficiency

Mechanical 2-speed setup for selecting optimal rpm for task at hand

Control

Earth auger attachment and side bar provides added control and reduces kickback

Convenience

EXTREME PROTECTION TECHNOLOGY

Extreme Protection Technology allows for work in the majority of conditions

Power

18Vx2 Technology provides 1.35kW of max power output

Standard Accessories		
	922453-2	Hex Socket Head Bolt M8 x 30
	763251-3	Chuck Key S-13
	783232-1	Hex Wrench 5
	783204-6	Hex Wrench 6
	783207-0	Hex Wrench 10
	327687-6	Bit Adapter

Optional Accessories		
	E-07294	100mm x 800mm Earth Auger Adaptor
	E-07303	150mm x 800mm Earth Auger Adaptor
	E-07319	200mm x 800mm Earth Auger Adaptor
	E-07325	540mm Earth Auger Extension
	E-07331	Locking Pin
